

## DID YOU KNOW?

Pupils (and yourself) can access ebooks and audiobooks for free at home with Aberdeenshire Library Service.

If you already have a library card all you need to do is download the 'Libby' app (for Apple and Android devices) and put in your card number, then relax and enjoy your book.

### DON'T WORRY!

If you don't have a library card you can register on the library website -

<https://livelifeaberdeenshire.org.uk/libraries/digital-landing-page/>

Put in your details, add a 4 digit pin and you can then access the ebooks and audiobooks online (at the same website) or then download the "Libby" app.

Click the button on the page.

As long as you have an email address you will get a temporary ID until yours comes through the post. Happy reading.
